Notes:
These are the chords used on the original HCOF recording.
Some players use II-V's for bars 1, 5, 17 & 29, (Bbmi7-Eb9),
which is basically the same thing. (I added a ii-V7 in bar 21).
Although most jazz guitarists will automatically play a C minor 7 in bars
29 & 31, a triad, (no 7th), is more in the style, IMHO(1)
